- Added edit and delete icons to the profile page
- I did a lot of research and played around with bootstraps since I never had use it on my own
 - Watch YouTube and google Bootstrap
- Got together with Morgan and Bryce to go the proposal for the project and determine what can we add
- I felt like there wasn't enough work and asked Pat and Brandon's team
- Downloaded Trello
- 1/16/18
 - Met up with Pat and Brandon at the library to go over and work on the prototype for this week's assignment
 - Worked on future goals
 - Trying to figure out what is really needed for the prototype
 - Some other issues are that Pat already took the UI class and Brandon and I didn't.
 - We don't know what is acceptable or not
- 1/17/18
 - Attended the UI class and learned about the Invisionapp
 - I work in the warehouse right now and our inventory doesn't have any bin location
 - I was thinking about creating a software to enter part numbers, lot numbers, and bin location into the database and viewing all the inventory
 - Search and sort

- upload
 - Same issue stated above, since Pat already took the UI class and we're on the same team
 - Don't really know what's acceptable or not
- 1/18/18
 - Started playing with Github, Invisionapp, and just playing around with creating a warehouse project in Invisionapp. I'm still trying to figure how to work it
 - I didn't think being a team could be this tough
 - There are no assigned tasks at the moment
 - I'm keeping busy as I'm trying to build a warehouse software for work on the side
- 1/19/18
 - Created a Capstone Main Page
 - Uploaded the wireframes we created
 - Added upcoming assignments and due dates
 - Need Team to download Trello and add to-do lists
 - Created Weekly status report
 - Entered data
 - Played around with GitHub some more
 - Communicated with team daily
- 1/20/18
 - Played around with invisionapp some more
 - Played around with Marvelapp for warehouse prototype
 - Analyzing warehouse data function
- 1/22/18
 - Attended class
 - Worked on database design
 - Worked on technical design
 - Created group on Trello
 - Uploaded assignments
 - Assigned tasks
- 1/27/18
 - Reviewed peer's code
 - Trying to understand the function and concepts
 - Most of the code is broken
 - Tweaked the barber and user login page
 - Having issues connecting to UserHomePage
 - Localhost and filezilla unable to connect to homepage
 - Tried trouble shooting
 - Created UserHomePage.php
 - Created lockout for incorrect logins >10

- Created admin page
 - Need to create admin database
 - Not sure what data is needed – need to meet with peers
 - Need to create review's database
 - Not sure what data is need – need to meet with peers
- 1/28/18
 - Non-related Capstone project
 - Watched old noir film for film class 2-hour movie
 - wrote an essay regarding movie
 - trying to figure out how to design UserHomePage
 - I'm having a lot of trouble because I don't really know how my team really wants it to look like
 - Created basic template
- 1/29/18
 - Attended Capstone class
 - Work with team on updates
 - Worked on SQL tables
 - Research how to upload images to database
- 2/2/18
 - Need to update event calendar for UI class
 - Researched calendar events
 - Figuring out how to code the calendar events for Capstone project
 - Researched booking barber appointments
 - A lot of new ideas
 - Trying to figure out how to implement it our project
 - Presented it to my team and they like it
 - Need to create and display the new features for UI class
 - Then the hard part will be coding and design
 - <https://marvelapp.com/7h0bd34>
- 2/3/18
 - NON-RELATED CAPSTONE
 - FILM CLASS
 - Need to watch "Wizard of Oz" and "Blade Runner"
 - Write an essay about both movies
 - CRIMINAL INVESTIGATION
 - Read chapter 2 "Picking Cotton"
 - Write an essay regarding the elements in chapter
 - Upload images
 - Watched youtube video
 - Created SQL image database – blob

- Followed and coded from youtube instruction video but could not get it to run correctly
- 2/4/18
 - NON-RELATED CAPSTONE
 - Wrote essay for Criminal Justice class
 - Watched wizard of oz
 - Played around with upload images again
 - Trying to get to run
